DECEMBER 2025

FUEL CLASSES AND WORKSHOPS

We are working on uploading, editing, and publishing the classes and workshops that were recorded at FUEL this past year.

It has been our intent to do this, but technical issues sometimes prevent it from happening. We were able to get many posted to [YouTube](#) from 2023 if you are interested in viewing any of those to remind yourself.

If you were at FUEL for 2025, let us know what your favorite workshop was that you attended!

Because most of the workshops repeat daily, we were able to video most of them and hope to be able to post each one once the editing process is complete.

UPCOMING

Registration is open for reFUEL North! It will be held in Indiana at Camp Mack January 16th-18th. Prices will increase on December 29th. Complete your registration [here](#).

MISSED SOMETHING?

Join us for FUEL 2026 Burn the Ships from July 19-24 back in North Manchester, Indiana!

WATCH ONLINE
